sufficient ventilation to prevent the power adapter from overheating. •If the product will not be used for an extended period of time, remove the power cord from the electrical outlet. Printer •Do not put fingers in moving parts or openings of the product. •Do not block or insert objects into the label exit slot. •Do not touch the tear bar.

Tenant Lead Law Notification - Massachusetts

It can cause permanent harm to young children's brain, kidneys, nervous system and red blood cells. Even at low levels, lead in children's bodies can slow growth and cause learning and behavior problems. Young children are more easily and more seriously poisoned than others, but older children and adults can become lead poisoned too.

Best Practices for Performance Tuning of Latency-Sensitive

For latency-sensitive applications, any form of power management adds latency to the path where an idle system (in one of several power savings modes) responds to an external event. So our recommendation is to set the BIOS setting for power management to “static high,” that is, no OS-controlled power management, effectively disabling

#### User Guide - Linksys Router EA6900

The USB ports let you add an external USB drive to your network and share files at home or over the Internet.
